

KOLOR 2026

Keratopigmentation, Organization, Lab, Outcomes & Research

29 & 30 MAY 2026 - Nice, France

EYE COLOR CHANGE WORLD CONGRESS: 3rd EDITION

Scientific Committee

Under the presidency of **Professor Jorge ALIO**

Dr. Alejandra **AMESTY** (Spain)

Pr. Jorge **ALIO** (Spain)

Dr. Osama **AL NAHRAWY** (Egypt)

Pr. Damien **GATINEL** (France)

Dr. Giovanni **GAROTTI** (Brazil)

Dr. Renato **DE NATALE** (Italy, France)

Pr. Mahmut **KASKALOGLU** (Türkiye)

Dr. Hassan **HASHEMI** (Iran, Oman)

Dr. Seyed Javad **HASHEMIAN** (Iran)

Dr. Amir **HOJABR** (Switzerland, France)

Pr. Marc **MURAINÉ** (France)

Pr. Alexander **MOVSHOVICH** (USA)

Dr. Keith **WALTER** (USA)

Registration here

www.kolor-congress.org

SPEAKERS

Pr. Jorge **ALIO** (Spain)
Dr. Mohamed **AL NAHRAWY** (Egypt)
Dr. Osama **AL NAHRAWY** (Egypt)
Dr. Qingluan **BAO** (Spain)
Dr. Alexandre **BATISTA DA COSTA NETO** (Brazil)
Dr. Alexandre **XAVIER DA COSTA** (Brazil)
Dr. Brian **BOXER WACHLER** (USA)
Dr. Mariam **DAVITASHVILI** (Georgia)
Dr. Renato **DE NATALE** (Italy, France)
Dr. Farideh **DOROODGAR** (Iran)
Dr. Jean-François **FAURE** (France)
Dr. Francis **FERRARI** (France)

Dr. Harald **GAECKLE** (Germany, Kenya)
Dr. Jaime **GARRIDO** (Spain)
Dr. Giovanni **GAROTTI** (Brazil)
Pr. Damien **GATINEL** (France)
Dr. Arnaud **GAULIER** (France)
Dr. Ignacio **GENOL** (Spain)
Dr. Charles **GHENASSIA** (France)
Dr. Pedro **GRIMALDOS** (Spain)
Dr. Hassan **HASHEMI** (Iran, Oman)
Dr. Seyed Javad **HASHEMIAN** (Iran)
Dr. Amir **HOJABR** (Switzerland, France)
Pr. Mahmut **KASKALOGLU** (Türkiye)

Dr. Farida **LAFDJAH** (France)
Dr. Patricio **LOEW** (Bolivia)
Mr. Nicolas **LUTRAND** (France)
Dr. Steven **MEDALLE** (Spain)
Mrs. Iuliana **MOÏSE** (France)
Pr. Alexander **MOVSHOVICH** (USA)
Pr. Marc **MURAINÉ** (France)
Dr. Jahid **SHAHBAZOV** (Azerbaïdjan)
Dr. Jeffrey **STEINBERG** (USA)
Dr. Baha **TOYGAR** (Türkiye)
Dr. Keith **WALTER** (USA)
Dr. Hao **ZHANG** (Spain)

Honorary member : Dr. Francis FERRARI (France)

SCIENTIFIC PROGRAM - FRIDAY 29 MAY

KOLOR 2026

- 🕒 8:00 : Welcome coffee + registration
- Speech of the Congress President** - Pr. Jorge ALIO
Speech of the organizer - Mr. Nicolas LUTRAND
Special Guest Speech : Changing eye color using Gene Therapy - Dr. Jeffrey STEINBERG

Cosmetic keratopigmentation assisted by laser

Introductory keynote - Pr. Alexander MOVSHOVICH (USA)

Presentations :

- One-year outcomes of visual acuity, refraction, topography, and patient satisfaction following cosmetic keratopigmentation -
Dr. Hassan HASHEMI (Iran, Oman)
- Aesthetic keratopigmentation with femtosecond - Dr. Alexandre BATISTA DA COSTA NETO (Brazil) & Pr. Alexander MOVSHOVICH (USA)
- Superficial tattooing to improve the outcome of an incomplete tunnel during cosmetic keratopigmentation - Pr. Alexander MOVSHOVICH (USA)
- Pigment Stability After Cosmetic Keratopigmentation for Eye Color Change: A One-Year Clinical Evaluation of 268 Eyes -
Dr. Jahid SHAHBAZOV (Azerbaïdjan)
- Keratopigmentation and endothelial cell loss - Dr. Francis FERRARI

Free Papers / case reports

- Optical effects of keratopigmentation FLAAK on retinal visualization: a theoretical ray-tracing study -
Mr. Nicolas LUTRAND & Pr. Alexander MOVSHOVICH (USA)
- Keratopigmentation removal - Dr. Amir HOJABR (Switzerland, France)
- Re-FLAAK for depigmentation: a novel surgical approach for managing unsatisfactory cosmetic outcomes after femtosecond laser-assisted keratopigmentation - Dr. Baha TOYGAR (Türkiye)
- Video - Improvement of the aesthetic appearance post KTP - Dr. Jean-François FAURE (France)
- Video - Cosmetic Keratopigmentation: Primary and Retreatment Techniques - Dr. Mariam DAVITASHVILI (Georgia)

Discussion with experts panel

- 🕒 Morning break (Exhibition & Wetlab)

Therapeutic keratopigmentation

Introductory keynote - Pr. Jorge ALIO (Spain)

ziemer
OPHTHALMOLOGY

Presentations :

- Reconstructive therapeutic keratopigmentation in Brazil: how we do it and with which pigments -
Dr. Alexandre BATISTA DA COSTA NETO (Brazil)
- Accumulated experience in the indications and results and limitations of keratopigmentation for therapeutic purposes -
Dr. Seyed Javad HASHEMIAN (Iran)
- Heterochromia iridis: diagnosis and treatment with FLAAK technique - Pr. Mahmut KASKALOGLU (Türkiye)
- Therapeutic keratopigmentation in patients with ocular surface disorders: a systematic review and meta-analysis -
Dr. Alexandre BATISTA DA COSTA NETO (Brazil) & Pr. Alexander MOVSHOVICH (USA)
- Therapeutic keratopigmentation vis-à-vis in blind eyes: complications and outcomes in a series of 184 eyes -
Dr. Alexandre XAVIER DA COSTA (Brazil)
- Long-term outcomes of therapeutic keratopigmentation - Dr. Steven MEDALLE (Spain)
- Retreatment considerations in therapeutic keratopigmentations: causes, techniques and outcome - Dr. Seyed Javad HASHEMIAN (Iran)
- Garotti Tebori nano-needle therapeutic keratopigmentation for focal corneal depigmentation touch-ups: a secure and low-cost, operating-room or slit-lamp feasible technique - Dr. Giovanni GAROTTI (Brazil)

Free Papers / case reports

- Manual keratopigmentation.
- Femtosecond-assisted intrastromal tunnel keratopigmentation in blind eyes with moderate corneal opacity: a feasibility strategy with less corneal damage - Dr. Giovanni GAROTTI (Brazil)
- Therapeutic Keratopigmentation with EDTA for Improved Cosmesis of a White Cornea 43 Years after a Gunshot Injury -
Dr. Brian BOXER WACHLER (USA)

Discussion with experts panel

- 🕒 Lunch break (Exhibition, Wetlab & Round table with expert)

FLOWSUITE

Win Time, Elevate Care

Ziemer FlowSuite elevates the future of refractive and cataract surgery via a fully connected digital platform.

Presentations :

1. Two-year practical experience with brazilian micronized mineral "Mag Color® vis-à-vis" pigments for superficial therapeutic keratopigmentation: handling, coverage, and color stability - Dr. Giovanni GAROTTI (Brazil)
2. In Vivo tolerance of commercially available keratopigmentationInks in a rabbit model - Pr. Marc MURAINÉ (France)
3. Magnetic resonance imaging and keratopigmentation: a systematic review and ex vivo study of complications and adverse events - Dr. Arnaud GAULIER (France)
4. MRI safety of iron oxide-containing pigments in keratopigmentation - Pr. Alexander MOVSHOVICH (USA)
5. Cellular and cytokine responses of corneal fibroblasts exposed to keratopigmentation inks in vitro - Dr. Arnaud GAULIER (France)
6. How to manage black butterflies, early fading or any color change - Dr. Amir HOJABR (Switzerland, France)
7. Iris color change by laser. Future trends - Dr. Pedro GRIMALDOS (Spain)
8. Micronized mineral pigments experimentation to understand its physical characteristics. Helpful insights for removal techniques from the corneal pockets during management of pigment fading and retouch - Dr. Mohamed AL NAHRAWY (Egypt)
9. Pigments for keratopigmentation: what are they and what are the rules which govern their use ? Dr. Renato DE NATALE (Italy, France)
10. Safety of pigment dispersions for keratopigmentation: towards a harmonization of medical and aesthetic applications - Mrs. Iuliana MOÏSE (France)

Discussion with experts panel

🕒 Afternoon break (Exhibition & Wetlab)

Wetlab session Friday during coffee and lunch break (on reservation)

Experts round tables Friday during lunch break

Industry corner pigments in 2026 :

- Biotic PHOCEA
- Neoris

Discussion with users**SCIENTIFIC PROGRAM - FRIDAY 29 MAY**

KOLOR 2026

Oculoplastic surgery and keratopigmentation

Introductory keynote - Dr. Ignacio GENOL (Spain)

1. Corneal aspects - Dr. Giovanni GAROTTI (Brazil)
 - Leukomas
 - Eviscerated-enucleated eyes & keratopigmentation
2. Iridian aspects - Dr. Jaime GARRIDO (Spain)
 - Congenital, traumatic aniridias
 - Arreflexic mydriasis
 - Controversies : operating one or both eyes ? What pupillary diameter ?
3. Eyelid aspects - Dr. Ignacio GENOL (Spain)
 - Dermatochalasis
 - Ptosis palpebral
 - Sharpening of the gaze and keratopigmentation, an increasingly frequent combination

Discussion with experts panel

🕒 Morning break (Exhibition & Wetlab)

FLAAK
-COSMETIC-

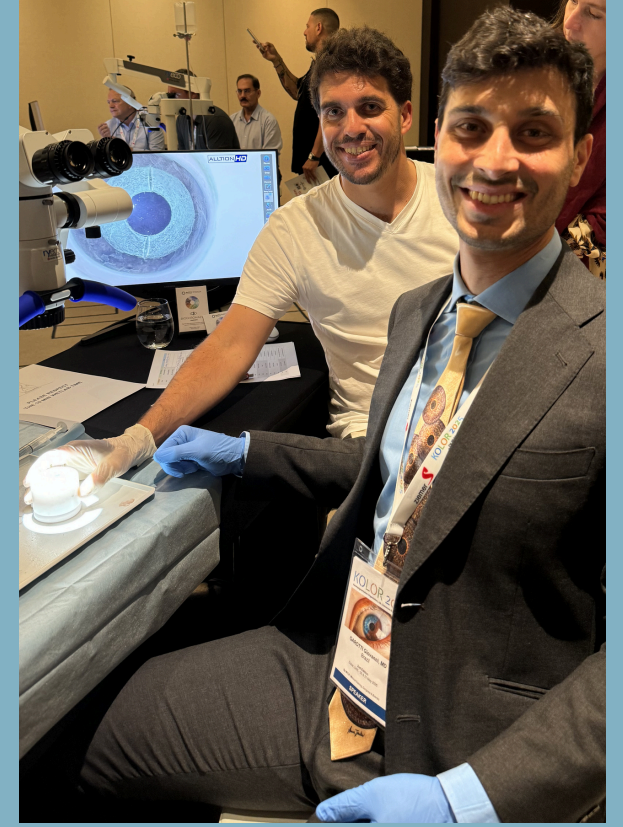

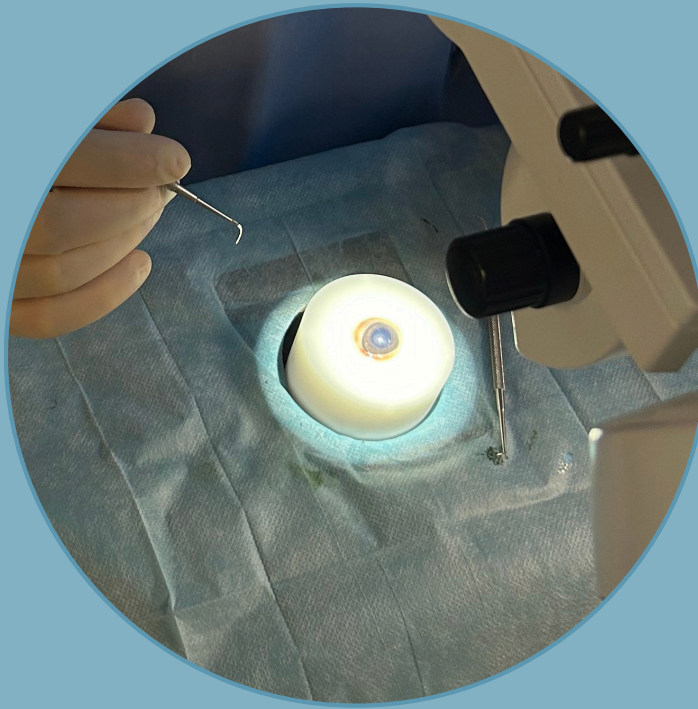

KERATO-EFFECT CONTACT LENSES

A NEW STANDARD IN PRE-OPERATIVE SIMULATION

Keratopigmentation Wetlab session :

with the support of FLAAK Academy trainers

Sponsored by FLAAK Academy

NEURIS
reveal your true color

FLAAK
- COSMETIC -

Presentations :

1. Keratorefractive surgery after keratopigmentation: assessing safety, efficacy, predictability, and the best method - **Dr. Farideh DOROODGAR (Iran)**
2. Refractive surgery after keratopigmentation assisted by femtosecond laser. Unique aspects and outcomes - **Pr. Alexander MOVSHOVICH (USA)**
3. Cataract surgery following corneal keratopigmentation (FLAAK): practical experience and surgical tips - **Dr. Jahid SHAHBAZOV (Azerbaijan)**
4. Keratopigmentation versus anterior implantation - **Dr. Seyed Javad HASHEMIAN (Iran)**
5. Cataract surgery following keratopigmentation: surgical challenges and technical pearls - **Dr. Hao ZHANG (Spain)**

Free Papers / case reports

1. Keratopigmentation and multifocal IOL: yes or not ? **Dr. Renato DE NATALE (Italy, France)**
2. Corneal melting and pigment loss after keratopigmentation due to undiagnosed neurotrophic post-herpetic keratitis: regenerative management with autologous platelet therapy - **Dr. Steven MEDALLE (Spain)**
3. Combined anterior lamellar keratectomy and keratopigmentation for post-traumatic corneal opacity with epithelial hyperplasia - **Dr. Qingluan BAO (Spain)**

Discussion with experts panel

 Lunch break (Exhibition & Wetlab)

Wetlab session saturday during coffee and lunch break (on reservation)

Experts round tables saturday during lunch break

Future and innovations in eye color change

Introductory keynote - Dr. Amir HOJABR (Switzerland, France)

Presentations :

1. Safe keratopigmentation - **Dr. Renato DE NATALE (Italy, France)**
2. New options for the best rendering - **Dr. Amir HOJABR (Switzerland, France)**
3. Cellular response to pigment on corneal cells in an in vitro experiment - **Pr. Marc MURAINÉ (France)**
4. Eye color survey as a measurement tool to assess how do people need to enhance, lighten, modify and beautify eye color as an essential part of the body image - **Dr. Mohamed AL NAHRAWY (Egypt)**

Free Papers / case reports

1. First experiences with a new pigment formulation for keratopigmentation - **Dr. Renato DE NATALE (Italy, France)**
2. Use of cosmetic contact lens trial before surgery - **Mr. Nicolas LUTRAND (France)**

Discussion with experts panel

 Afternoon break (Exhibition & Wetlab)

Refractive surgery

Introductory keynote - Pr. Jorge ALIO (Spain)

Presentations :

1. Photoablative solid state laser, the new era of refractive surgery - **Dr. Charles GHENASSIA (France)**
2. CLEAR KLEx with FEMTO LDV Z8: precision, visualization, and workflow benefits - **Dr. Harald GAECKLE (Germany, Kenya)**
3. Ray-tracing based Excimer treatment on Alcon EX500, first results with Innov'Eyes treatment.
4. Why did i choose Z8 for Femtoairs - **Dr. Farida LAFDJAH (France)**
5. Video - Epithelial nest /ingrowth within SMILE cavity. Diagnosis and treatment - **Pr. Alexander MOVSHOVICH (USA)**
6. Video - Post SMILE epithelial ingrowth management - **Dr. Amir HOJABR (Switzerland)**

Closure speech

KIS General Assembly (open to all attendees)

FLAAK

A C A D E M Y

FLAAK Academy is the world's first academy dedicated to training ophthalmologists in FLAAK keratopigmentation (Femto Laser Aesthetic Annular Keratopigmentation).

We welcome surgeons from around the world to learn, refine, and certify their practice of this innovative surgical technique, for both aesthetic and therapeutic indications.

Keratopigmentation International Society

KIS

Together, let's create the future of
keratopigmentation.
